

# CLARISSA CELESTINO

## Senior Software Engineer | Full-Stack Web Development

San Francisco, CA • 415-767-6102 • clarissa.celestino@gmail.com • linkedin.com/in/clarissacelestino

### SUMMARY

Innovative Senior Software Engineer with 10 years of experience in Web Development, specializing in both frontend and backend technologies. Passionate about creating seamless, user-centric digital experiences that blend innovation, functionality, and design. Highly skilled in building scalable web applications using Next.js on the frontend and Node.js/GraphQL on the backend, with a strong focus on API integrations, performance optimization, and test-driven development. Proven ability to architect and deliver impactful web solutions that drive business goals, enhance user engagement, and bridge the gap between technical execution and creative vision.

### TECHNICAL SKILLS

**Frontend:** Next.js, React.js, Vue.js, HTML, CSS, Bootstrap, Redux, Vuex, Pinia

**Backend & APIs:** RESTful APIs, GraphQL, Express.js, Node.js

**Platforms & Tooling:** CMS systems, JAMstack, Webpack, Vite, Babel, Salesforce, Shopify

**Leadership:** Technical Leadership, UI and User Experience, Cross-Functional Processes, Agile Methodology, Team Training and Mentoring

### PROFESSIONAL EXPERIENCE

**GIA.edu** | San Francisco - Remote

Nov 2022 - Present

#### Senior Full-stack Developer

- Built a full-stack Next.js application using OpenAI's GPT-4 API to generate AI-driven content from user prompts, with a clean, real-time interface and responsive UX.
- Created secure serverless API routes in Next.js App Router for handling OpenAI requests, managing prompt input, and displaying dynamic responses.
- Deployed the application on Vercel using edge-optimized routing and GitHub-integrated CI/CD workflows.
- Designed and implemented RESTful and GraphQL APIs with Node.js to power dynamic content across multiple web platforms.
- Implemented GIA e-commerce functionality using Shopify for transactional data, receipts, and invoicing.
- Integrated Shopify APIs via Node.js services to handle e-commerce transactions, including real-time receipt generation and invoicing.
- Create and update components utilizing Salesforce Apex and Web Lightning components and React for GIA Web Apps.

**Accenture** | San Francisco - Remote

Nov 2021 - Nov 2022

#### Senior Frontend Fullstack Developer

- Developed registration pages with third-party API validation utilizing Salesforce Web Lightning and Aura components, resulting in significant growth for T-Mobile.
- Developed Shopify E-commerce product page using Vue.js and Liquid for Kim Kardashian's SKKN - Resulting in 100 M in revenue in the first year.
- Mentored and trained other developers on Vue.js and LiquidJS.

**Included Health** | San Francisco - Remote

Nov 2020 - Nov 2021

#### Senior Frontend Fullstack Developer

- Led backend and frontend integration of the payment's module using Node.js, GraphQL, React, and TypeScript.
- Integrated Braintree API to handle secure payment processing, resulting in a 20% increase in successful transactions.
- Focused on test-driven development (TDD) and implemented unit testing to ensure code stability.

**Doctor On Demand** | San Francisco - Remote

**Jan 2017 - Nov 2020**

**Web Developer**

- Migrated monolithic frontends to modular Next.js, React, and Vue.js and Contentful applications, improving loading times and SEO.
- Developed a headless CMS solution Contentful and NuxtJS using Amplify AWS to decouple content management from frontend delivery.
- Designed and optimized GraphQL APIs for faster and more efficient data fetching.

**StoryboardArt.org** | San Francisco, CA

**Jan 2014 - Dec 2015**

**Web Developer**

- Built and maintained WordPress-based LMS platform with integrated e-commerce features using JavaScript, jQuery, and HTML/CSS.
- Build a website utilizing a Learning Management System with a subscription model and e-commerce-based products.

**Doctorbase** | San Francisco, CA

**Jan 2011 - Sep 2012**

**Html Developer**

- Created and maintained static pages on the WordPress CMS platform.

**EDUCATION**

---

**Bachelor's Degree in Political Science** | CSUEB - California State University, East Bay, Hayward, CA (2009)
